features include ceiling fans, split system air-conditioning in master bedroom and living, bay window at front, separate bath and shower in main bathroom, timber gazebo in backyard, and lock-up garden shed.

Once any updates are made, it is an exceptionally low maintenance home inside and out - so could also suit downsizers who want something to lock and leave and are not ready yet for apartment living; and would make a savvy investment to any portfolio.

With housing affordability at crisis levels - this is a very real entry level opportunity for a young couple/family to start paying their own mortgage and get off the rent treadmill, giving you the security of a permanent roof over your head, and taking you out of the insecurity of the tight, volatile rental market. Take control of your own destiny, anchor down here, and grow equity in your own property, not someone else's.

Conveniently located within walking distance to all local amenities, and just a short drive to Caloundra Road connecting you into the CBD or across to the M1 to Brisbane; and only 10-15 minutes' drive to stunning patrolled beaches. This is not just an investment in location, but also lifestyle! Be the first to act.
