deep backyard and no direct rear neighbours; there is also plenty of additional onsite parking, and gated pedestrian access to rear. The home is in basic but liveable condition, not without charm and warmth; and existing features include 3 x air-conditioners, some security screens, high ceilings, breakfast bar in kitchen, and private entry with breeze blocks at front.

There have been former plans to development site approved by council (now expired) which included a triplex - consisting of 3 x 3-bedroom, 2-bathroom dwellings; these plans are available for perusal upon request. If rezoned to medium density, it could enable 5-9 units/townhouses, subdivision into 300sqm lots or 180sqm terrace lots - due diligence is required by the purchaser, and it would be subject to council approval.
